

Ridefinire i confini dell'abitare attraverso un nuovo paradigma: **The Project First.** Una visione che supera il concetto tradizionale di arredamento per mettere al centro il pensiero progettuale. Il prodotto non è più un elemento estemporaneo, ma il fulcro di un'architettura d'interni coordinata. Dare forma all'atmosfera che accoglie l'oggetto, elevando il singolo componente a parte di un tutto: è questa l'ispirazione dietro la nostra evoluzione. Sistemi, materiali e volumi dialogano in un'armonia totale, dando vita a soluzioni abitative organiche, fluide e definitive. La materia si fa così protagonista di un dialogo sensoriale. L'eleganza tattile dei tessuti applicati ad ante e schienali si fonde con la solidità delle nuove essenze, come il Rovere Barrel e il Rovere Honey. Gli inserti in vetro e le laccature metalliche definiscono i contorni di un'estetica sobria, colta e profondamente contemporanea, dove ogni dettaglio è funzionale a un'atmosfera versatile e tecnicamente impeccabile.

Redefining the boundaries of living through a new paradigm: **The Project First.** A vision that moves beyond the traditional concept of furnishing to place design thinking at the very core. The product is no longer an isolated element, but the centerpiece of a coordinated interior architecture. Shaping the atmosphere that welcomes the object, elevating the individual component to part of a whole: this is the inspiration behind our evolution. Systems, materials, and volumes dialogue in total harmony, creating organic, fluid, and definitive living solutions. Matter thus becomes the protagonist of a sensory dialogue. The tactile elegance of fabrics applied to doors and back panels blends with the solidity of new wood essences, such as Rovere Barrel and Rovere Honey. Glass inserts and metallic lacquers define the contours of a understated, refined, and deeply contemporary aesthetic, where every single detail is functional to an atmosphere that is versatile and technically flawless.

A close-up photograph of architectural materials. The top half shows a light-colored wood panel with a horizontal grain, featuring a recessed linear light strip that glows with a warm, yellowish light. Below this is a dark, horizontal wood panel with a similar grain. The bottom half of the image shows a dark, textured stone or concrete surface with a fine, pebbled texture. The text 'Material Perspectives' is overlaid on the dark wood panel.

Specifications

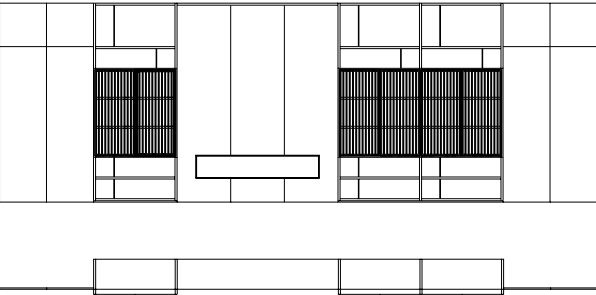

Flexus System

pag. 22-23

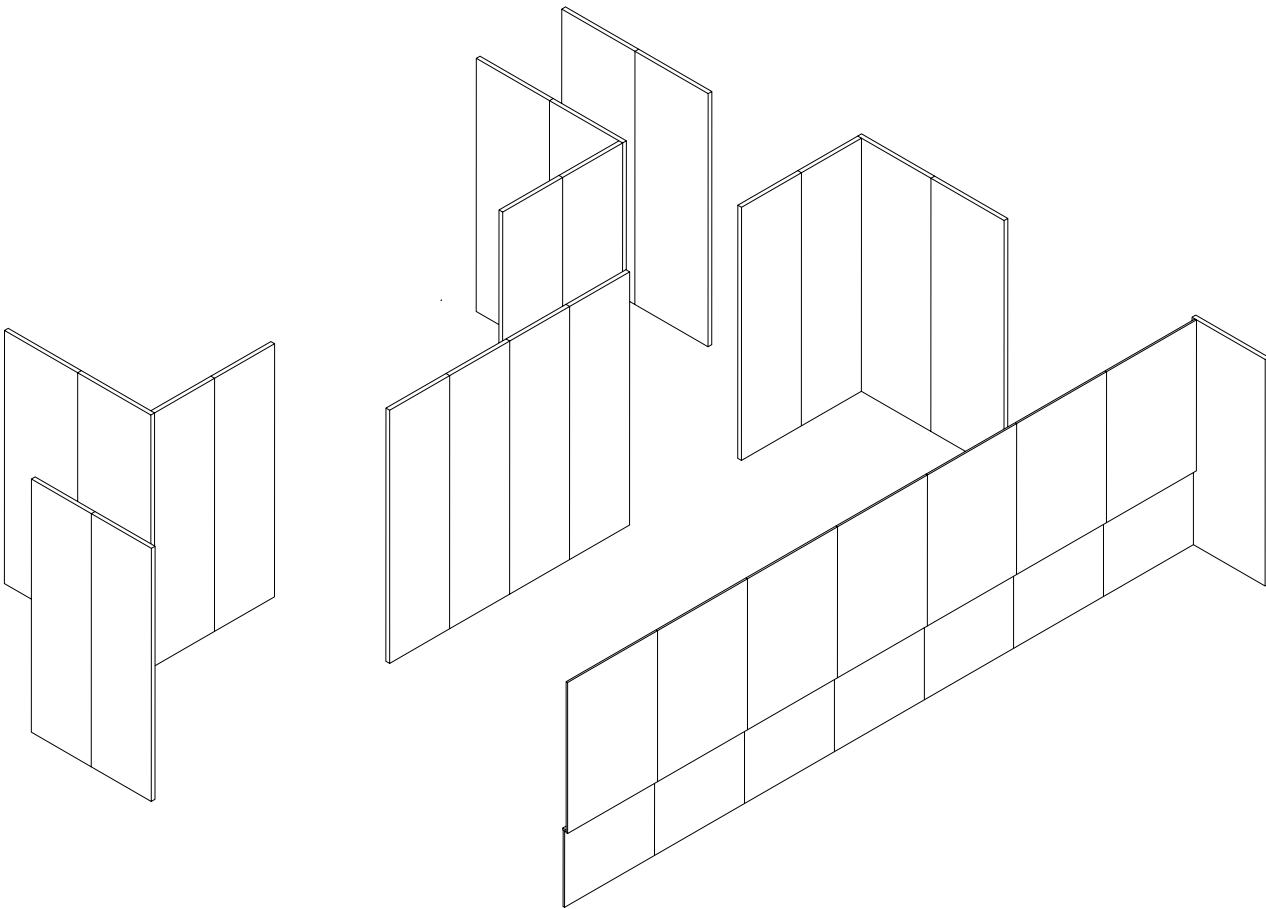

Flexus è il sistema modulare interparete in cui ogni elemento trova una collocazione equilibrata e armoniosa, definendo spazi domestici pensati per un'esperienza dell'abitare di livello superiore. Nella composizione, i nuovi volumi sporgenti con anta in vetro Kita dialogano con gli schienali tessili e con il sistema boiserie Archiwall. Il risultato è una collezione d'arredo all'avanguardia, dove estetica e tecnologia convergono senza compromessi.

Flexus is a modular partition wall system where every element finds a balanced and harmonious placement, defining home spaces designed for a superior living experience. Within the composition, the new protruding volumes featuring the Kita glass door dialogue with the fabric back panels and the Archiwall boiserie system. The result is an avant-garde furniture collection where aesthetics and technology converge without compromise.

Archiwall

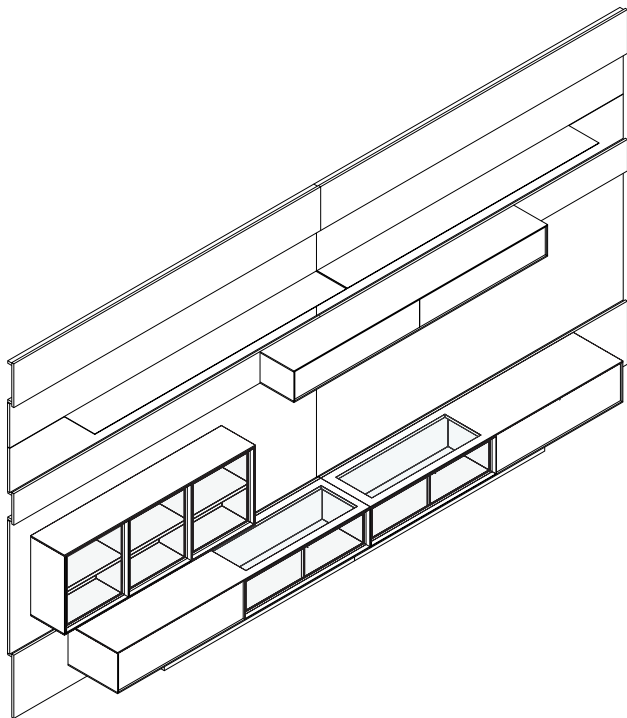

Archiwall è il sistema di rivestimento murale e partizione che coniuga rigore estetico e flessibilità progettuale. Attraverso un'ampia gamma di moduli e configurazioni, il sistema permette di modellare ambienti unici e su misura. La sua struttura modulare trasforma le superfici verticali in veri e propri elementi d'arredo capaci di ridefinire i volumi. Pensato per dialogare con contesti eterogenei, dal residenziale di prestigio agli spazi commerciali, Archiwall si adatta con naturalezza a specifiche necessità layout, garantendo una perfetta continuità visiva con l'architettura circostante.

Archiwall is the wall covering and partitioning system that combines aesthetic rigor with design flexibility. Through a wide range of modules and configurations, the system allows for the creation of unique, tailor-made environments. Its modular structure transforms vertical surfaces into true furnishing elements capable of redefining volumes. Designed to interface with diverse contexts, from prestigious residential projects to commercial spaces, Archiwall naturally adapts to specific layout needs, ensuring seamless visual continuity with the surrounding architecture.

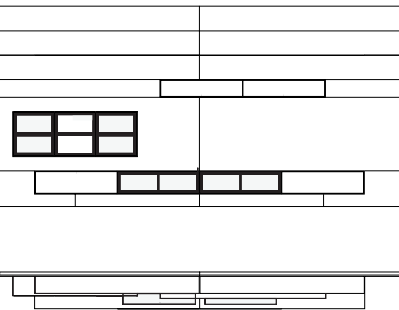

Frame System

pag. 18-19

Il sistema Frame si evolve con naturalezza, interpretando e anticipando i costanti mutamenti dell'abitare contemporaneo. Le innumerevoli combinazioni stilistiche consentono di inserire la collezione in contesti differenti, esprimendo una visione architettonica d'arredo che definisce le nuove tendenze progettuali. Essenze morbide, tessuti e pannelli fresati dialogano in perfetta armonia, creando lo sfondo ideale per il nuovo sistema di top in cristallo, concepiti come eleganti display per accogliere e valorizzare gli oggetti più preziosi.

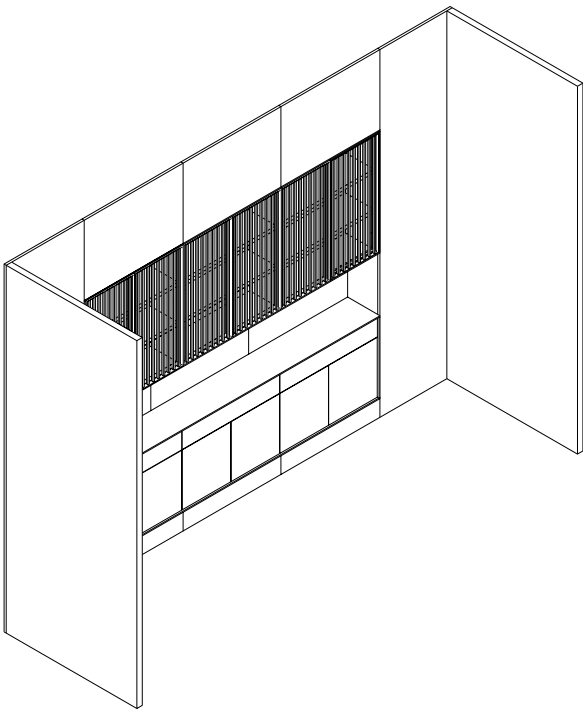

The Frame system evolves naturally, interpreting and anticipating the constant shifts in contemporary living. Countless stylistic combinations allow the collection to fit into diverse contexts, expressing an architectural furniture vision that defines new design trends. Soft wood finishes, fabrics, and milled panels dialogue in perfect harmony, creating the ideal backdrop for the new glass top system, conceived as elegant displays to showcase and enhance your most precious items.

Dimensioni / Dimensions

Frame System

pag. 46-47

Frame, il sistema living per la casa contemporanea, si evolve nella ricerca a versione pranzo, offrendo un'esperienza d'arredo altamente integrata con l'architettura domestica. L'anta in vetro con doghe in alluminio Kita, già icona della collezione armadi, arricchisce la composizione fondendosi in perfetta armonia con le linee sobrie e definite del sistema. Scenografiche pannellature laterali Archiwall completano lo spazio, definendo un'atmosfera dall'eleganza senza tempo.

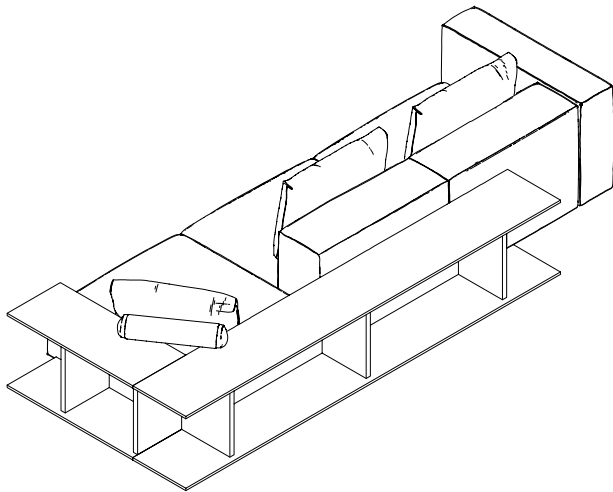

Frame, the living system for the contemporary home, evolves into a refined dining version, offering a furnishing experience deeply integrated with the domestic architecture. The Kita glass door with aluminium slats, already an icon of the wardrobe collection, enhances the composition, blending in perfect harmony with the system's clean, defined lines. Spectacular Archiwall side panelling completes the space, defining an atmosphere of timeless elegance.

Austin Sofa + Frame System

pag. 40-41

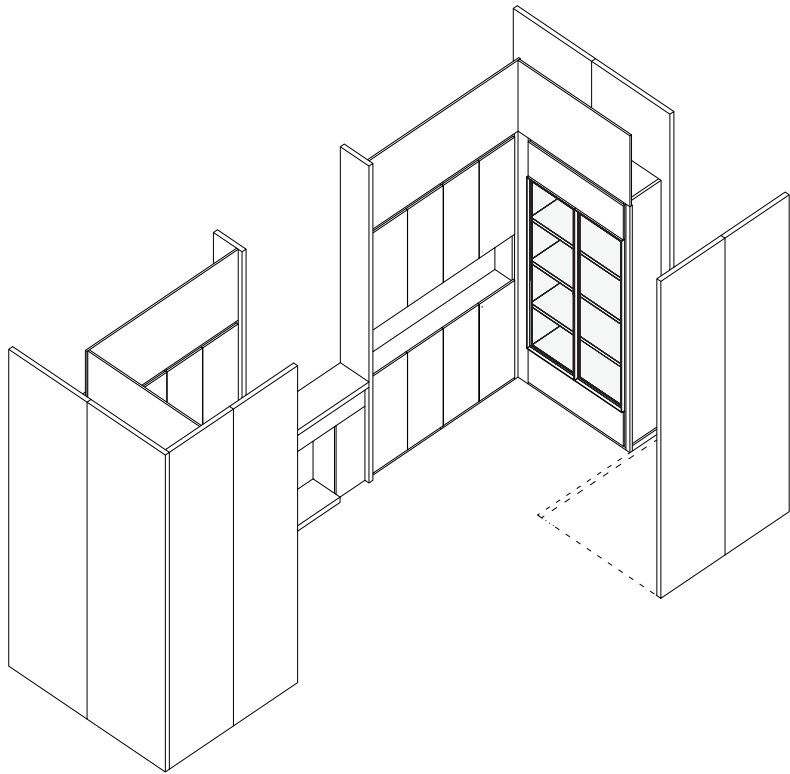

Il divano modulare Austin amplia le sue potenzialità compositive grazie al modulo retrodivano della serie Frame. L'elemento è valorizzato da piani con lavorazione a squarcio, un dettaglio che ne sottolinea l'anima ebanista. Disponibile in finitura laccata o in essenza, la struttura offre una spiccata flessibilità dimensionale, ideale per integrarsi con naturalezza sia in contesti residenziali sia in dinamici spazi contract e office.

The Austin modular sofa extends its layout possibilities by incorporating the back-of-sofa unit derived from the Frame collection. This piece is defined by tops with a distinctive bevel-cut workmanship, a detail that underscores its woodworking heritage. Available in lacquered or wood finishes, the structure ensures outstanding versatility in size, perfectly suited to blend into residential contexts as well as fluid contract and office environments.

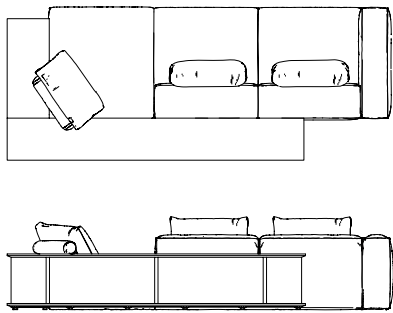

Flexus System (Cave à Vin)

pag. 90-91

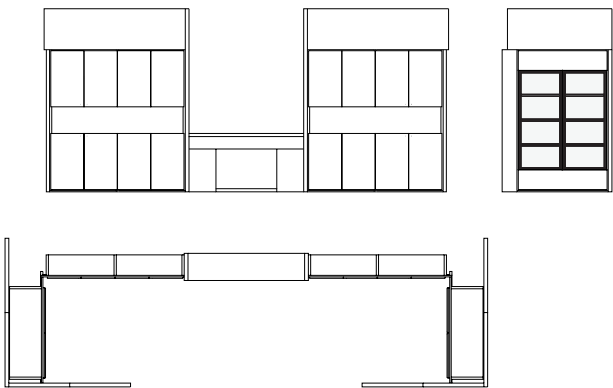

La collezione Flexus ridefinisce il concetto di cave à vin trasformandola in una vera e propria stanza nella stanza, dove il rito della degustazione incontra il rigore geometrico. Le pannellature autoportanti Archiwall delimitano uno spazio intimo e scenografico, in cui i contenitori si alternano a vani a giorno e nicchie espositive. Protagonista della composizione è la grande teca in vetro, uno scrigno elegante che esalta le migliori etichette dialogando visivamente con le linee pulite e la modularità del sistema, fondendosi con la zona camino posta al centro della composizione.

The Flexus collection reimagines the cave à vin, turning it into an authentic room within a room, where tasting rituals merge with geometric precision. Archiwall freestanding panelling outlines an intimate and scenic space, framing a rhythm of closed units, open shelving, and display niches. The protagonist of the composition is the large glass showcase, an elegant enclosure that enhances the finest labels while visually engaging with the system's clean lines and modularity, seamlessly blending with the fireplace area at the heart of the layout.

Archiwall System

pag. 158-159

Il sistema boiserie Archiwall nasce con l'intento di caratterizzare gli spazi domestici in modo intimo ed elegante. Perfetta sia per la zona giorno che per la zona notte, questa collezione veste ogni singola parete conferendole una forte personalità e un rigore geometrico impeccabile. L'ampia gamma di finiture disponibili – dal laccato all'essenza liscia o fresata, dal tessuto fino alle pelli più pregiate – rende il sistema estremamente flessibile e sartoriale, capace di interpretare e soddisfare aree di gusto differenti. Archiwall è inoltre integrabile con i contenitori e le mensole della serie Frame, per dare vita a schemi compositivi di grande impatto estetico e funzionale.

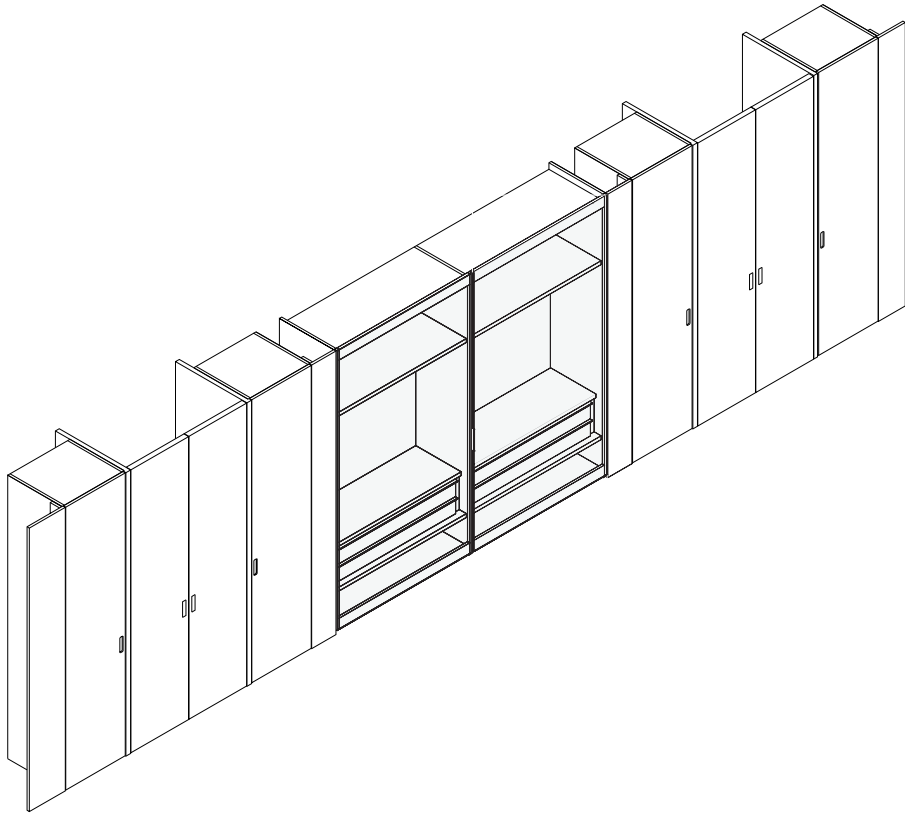

The Archiwall panelling system is designed to characterize home environments with a sophisticated, intimate touch. Ideal for both daytime and nighttime areas, this collection clads every wall, giving it a distinctive identity and flawless geometric precision. An extensive palette of finishes – including lacquer, smooth or milled wood veneer, fabrics, and premium leathers – ensures maximum flexibility and a bespoke appeal, suited to meet varying design sensibilities. Archiwall can also be combined with the Frame series cabinets and shelves to create high-impact, highly functional configurations.

Dimensioni / Dimensions
W. 920 cm
H. 262,4 cm

Sheer + Pocket Wardrobe

pag. 126-127

Flessibilità e alta qualità definiscono uno schema compositivo pensato per organizzare gli spazi con eleganza, consentendo di creare partizioni evitando così l'uso di pareti strutturali. L'armadio complanare con ante in vetro Sheer dialoga con il modello a battente Pocket, perfettamente integrato nel sistema di porte e boiserie Archiwall. Il raffinato filo conduttore dell'intera proposta è l'uso dell'essenza fresata, alternata sapientemente tra frontali e schienali.

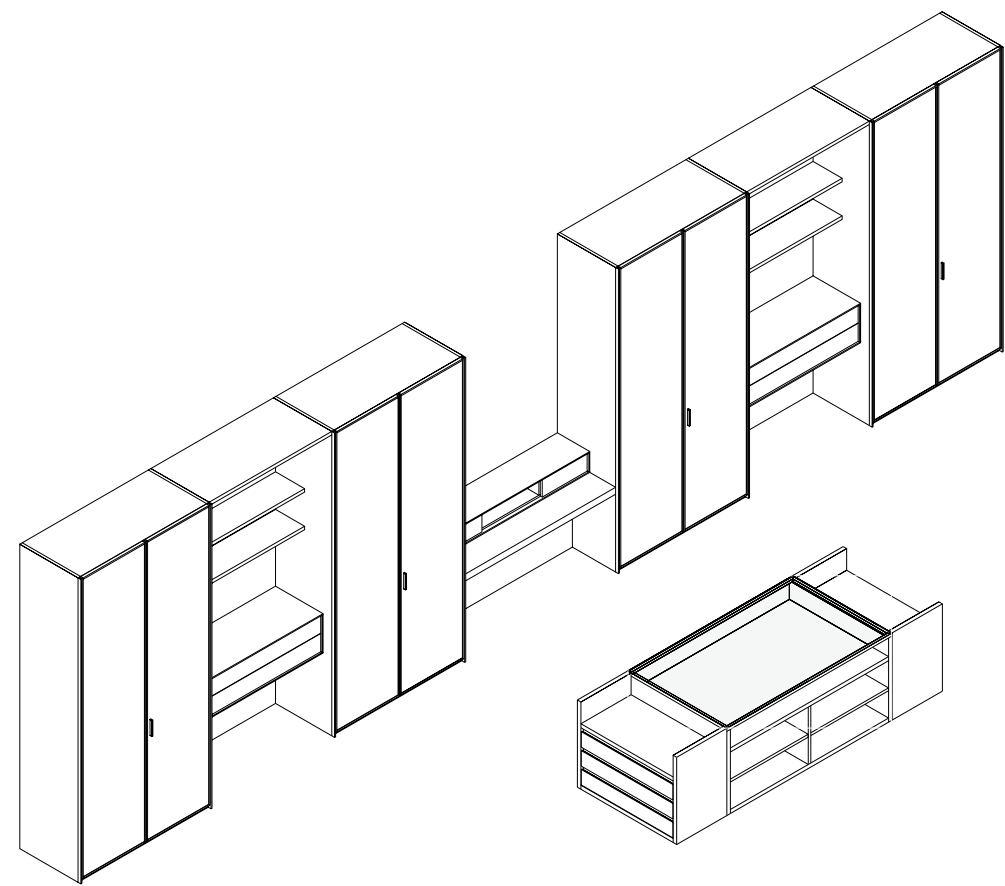

Flexibility and high quality define a compositional layout designed to organize spaces with elegance, allowing for the creation of partitions and thus avoiding the need for structural walls. The Sheer wardrobe with glass coplanar doors dialogues with the Pocket hinged model, seamlessly integrated into the Archiwall door and boiserie system. The refined leit-motif of the entire collection is the use of milled wood, alternated between fronts and back panels.

Dimensioni / Dimensions
W. 936 cm
H. 262,4 cm

Caleido Wardrobe + Island Chest of Drawers

pag. 102-103

L'anta tessile con cornice in legno Caleido scandisce il ritmo di una zona armadi rigorosa, dove l'estetica è scaldata dall'incontro di materiali discreti e naturali come il tessuto e l'essenza. Lo schema compositivo delle colonne contenitive è intervallato da portali aperti, impreziositi dalle cassettiere sospese e dalle mensole luminose della serie Frame. A centro stanza, la cassetтира Island – presentata nella nuova ed elegante veste in essenza – definisce l'ambiente notte, arricchendolo di volumi contenitivi pensati per custodire gli oggetti più preziosi.

The Caleido textile door with a wooden frame sets the rhythm of a rigorous wardrobe area, where the aesthetic is warmed by the combination of understated, natural materials such as fabric and wood veneer. The storage units composition is alternated with open structures, enhanced by the Frame series' suspended drawers and lighted shelves. The Island freestanding chest of drawers, showcasing a sophisticated new wood grain version, shapes the bedroom environment, adding tailored storage spaces meant for hosting the most valuable belongings.

Cabin + Pivot Crystal Wardrobe

pag. 166-167 Cabin
pag. 142-143 Pivot Crystal Wardrobe

Cabin è la cabina armadio modulare basata su pannelli a parete e cremagliere regolabili in alluminio, progettata per essere personalizzata con innumerevoli accessori come ripiani, portapantaloni e cassettiere. La nuova finitura in rovere fresato conferisce alla struttura una personalità distinta, che richiama il valore di pezzi iconici del design superando la percezione del mobile componibile. Il gioco di trasparenze si compie con l'armadio interamente in vetro Crystal, che filtra la luce e gli ambienti con eleganza e discrezione.

Cabin is a modular walk-in closet based on wall panels and adjustable aluminium racks, designed to be customized with countless accessories such as shelves, trouser racks, and drawer units. The new milled oak finish lends a distinct personality to the structure, evoking the value of iconic design pieces and moving far beyond the perception of standard modular furniture. This interplay of transparencies is beautifully completed by the all-glass Crystal wardrobe, which filters light and space with elegance and discretion.
